With Exams fast approaching attendance at school for all exam students is still vital. Year 11 and Year 13 should be in school all next week.

Clubs & Societies

Please take note Clubs & Societies will be starting from next Monday, 22nd April 2024.

Internal Exams (Year 10 & Year 12)

The timetable for Internal Exam Week, which will take place from Monday 13th – Friday 17th, with details for topics students should be focusing on for their revision, have been sent by email from the exams officer.

External Exams (Year 11 & Year 13)

Details regarding Revision Lessons during Study Leave have been sent by email from the exams officer.

External Exams: Edexcel Art and Design and Graphic Communication

Location – Art studio. Year 10 and 12 Art and DT lessons to take place in the DT room for this week.

Edexcel GCSE Art and Design Monday 22nd and Tuesday 23rd April – 7.55am-3:00pm.

Edexcel A level Art and Design/Graphics 24th, 25th, 26th of April – 7.55am – 3:00pm and Friday 7.55am – 1:00pm.

Exam prep work (sketchbooks) cannot be taken home between these exam days so all sketchbook work needs to be completed before you start your exam (GCSE 22nd and A level 24th).

Independent Learning Project: Agriculture - Year 9 Students ONLY

As part of our ILP lesson focusing on agriculture, we plan to conduct our empathy stage at '*Kebun Komuniti Hartamas*'. Our objective is to immerse students in a real planting environment and provide them with a clear understanding of the challenges faced in agriculture in real-life situations. Teachers in charge of the project will be Ms Aida and Ms Parry.

Project Details

- Date : Wednesday 24th April
- Project Hours : 12:30pm to 2:45pm

Attire: As the activity would be in the afternoon, students are required to be in their PE attire, long leggings are recommended; **hat/ cap, mosquito repellent and bottled water.**

Year 13 Visas for University Talk MABECS

We will be hosting a VISA session for Year 13 students. Parents of Year 13 students are also invited to attend to understand the process and ask any questions.

Any additional details needed, please reach out to Ms. Amy at amy.candiano@charterhouse-htms.edu.my

Date : Wednesday, 24th April 2024
Time : 9.45-10.30am
Venue : Auditorium, Charterhouse Malaysia

Duke of Edinburgh Success!

A huge congratulations to Edoardo for completing his Bronze Duke of Edinburgh International award! He has shown extraordinary commitment to developing his physical fitness through weight training, jungle hiking and a mountain biking expedition in Switzerland. He has regularly pushed himself to the limits of his endurance to develop stamina and strength. For his skills, he has developed his plastic modelling skills, building a range of iconic WW2 era models of tanks, ships and aircraft, showing immense patience and attention to detail. For volunteering, he pursued his passion for astrophysics, setting up a club to educate his fellow students, this was instrumental in helping them prepare for their STEAM week science projects.

He showed great resilience during his assessed expedition to in the Cameron Highlands and was a vital part of his group, aiding in navigation, camping skills and cooking. His rather eclectic homemade mix tape helped to lift the spirits of his team members in times of difficulty. He has no doubt developed skills that will help in later life, the mark of a truly Future Ready Carthusian. – *Mr Sutton, International Award Coordinator.*

Upcoming Charterhouse Malaysia Open Day

We will be hosting an Open Day on 27th April 2024. Please share this information with your family and friends. Just a reminder that you will be rewarded through our Charterhouse Advocate Programme for each confirmed enrolment.

Prospective parents will get to meet our Headteacher, Mr. Richard Davidson and go on a student guided school tour.

Date: 27 April 2024
Time: 10.00am – 1.00pm
RSVP: <https://forms.office.com/r/sbNwvNvV5p>

Computer Science and Electronic Engineering (CSEE) Guest Lecture

Date : 22nd April 2024
Time : 11.15am (Hub - all students)
Venue : Charterhouse International School
Topic : Artificial Intelligence

Synopsis - *The School of Computer Science and Electronic Engineering is a top-notch research institution known for its work in Human-centred Artificial Intelligence, Computer Games, and Robotics. In this talk, I'll take you on a journey, starting with the basics of Artificial Intelligence and moving on to how it's used in things like games and robots. I'll explain the different types and, most importantly, how these technologies can be helpful to people and society. This focus on technologies that help humanity is a big part of what we teach and research at our school.*

My research is on Human-centred AI, so this is basically research on AI technologies with focus on improving and doing good to society. As a difference with other universities Essex has been traditionally and historically at the front force of human rights and ethical innovation. When we deliver our degrees and teaching, we should put emphasis in our marketing that's our view of things. I am confident that our unwavering values will set us apart from other universities offering technical degrees, and we should place significant marketing emphasis on highlighting this unique differentiation.
